Re: **Extension of Time to Respond to EPA's Section 104(e) Information Request**
Recipient: Haarmann & Reimer
Superfund Site: Berry's Creek Study Area
Bergen County, New Jersey
MDM File No. F0125-1120

Dear Mr. Ausubel:

This confirms our telephone conversation today regarding the above-referenced Superfund Site. As we discussed, we represent Haarmann & Reimer ("H&R"). H&R received EPA's Section 104(e) Information Request ("Request") regarding the Site.

In the Request, EPA asked that the client provide a wide range of information regarding company history and operations conducted at the Site. H&R is in the process of going through its records in order to provide EPA with a response to the Request. Therefore, we respectfully asked that you grant H&R an extension of time within which to respond to the Request.

This letter confirms you granted H&R a thirty (30) day extension, until December 21, 2002, within which to respond to the Request.
